"No claims other than stress detection and stress reduction may be made"

Light Mandalas products are to be used as a Heart Rate Variability Biofeedback system and Light, Color and Sound therapy, designed for stress detection and stress reduction only. The devices do not evaluate any issue other than stress. Stress can come from many sources; this system uses light and color and sound therapies to reduce stress. Remember, there has never been any reported side effects using light, color, and sound therapy anywhere in the world and throughout time.

Notes on the practices of low-level laser therapy (LLLT) and Biofeedback

Low-level laser therapy (LLLT) is considered investigational by the FDA, and no medical claims of cures are permitted in the US; at this time however, low-level lasers are defined within the scope of complimentary medical practices such as physiotherapy, aesthetic, Traditional Chinese Medicine, and acupuncture, etc.

The FDA does not regulate Bio resonance tools, but they do regulate biofeedback tools and some Bio resonance tools are registered under this category.

*It is a legal requirement at this time that the user does not make any medical claims of diagnosis or cure.

Precaution
